DETAILED ACTION

Reasons For Allowance

1. Claims 2-11, 13-18, and 21-25 are allowed.
2. The following is an Examiner's statement of reasons for allowance:

The cited prior art taken alone or in combination fails to teach the claimed invention of training a system, whereby a process is employed to train a machine learning system by presenting non-expert internet users (i.e., "netizens") with logic facilitated multiple choice queries, from which the system uses responses entered by the "netizens" to continually update and refine the knowledge generated queries, subsequently continuing the construction of a further refined and larger knowledge base.

The closest prior art of Barnhill (U.S. Patent Number 6,128,608; dated 03 OCT 2000; class 706; subclass 016) teaches the enhancement of knowledge discovery using multiple support vector machines but fails to teach or suggest the claimed invention of training a system, whereby a process is employed to train a machine learning system by presenting non-expert internet users (i.e., "netizens") with logic facilitated multiple choice queries, from which the system uses responses entered by the "netizens" to continually update and refine the knowledge generated queries, subsequently continuing the construction of a further refined and larger knowledge base. Only to the

extent that this feature is not found in the cited prior art is the present case considered allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
